TRANSITIONAL LIVING PROGRAM FOR SUBSTANCE USE DISORDERS
FINANCIAL INFORMATION

PAYMENT RESPONSIBILITY

The rate for The McLean Residence at the Brook is \$620 per day. The total cost of treatment at The Residence depends on the patient's individual treatment program and the number of days required to complete that program. However, the minimum length of stay is 90 days and payment for the first 90 days is expected prior to admission to the program. Thereafter, additional monthly payments are due on the first of each month. Exceptions to length of stay may be made for residents who have completed 30 days at a McLean Alcohol and Drug Abuse Treatment Program and are continuing treatment, at the discretion of the treatment team. Incomplete or delayed financial arrangements with McLean Hospital Patient Financial Services may delay admission. The treatment deposit is fully refundable if unused. All payments must be made by one of the following methods: wire transfer, cash, credit card (American Express, MasterCard, Discover Card or VISA) or certified bank draft for the total amount of \$55,800.

ANCILLARY SERVICES – PRIVATE PAY OR INSURANCE

For patients who want to use insurance to cover *optional* ancillary medical services, McLean Hospital Patient Financial Services will attempt to verify coverage and to pre-certify services that are not included in the \$620 day rate. Some ancillary charges are billed by McLean professional billing services; therefore, the patient may receive one bill from McLean Hospital, one bill from Hart Associates and one bill from Massachusetts General Physicians Organization.

PATIENT CASH ISSUES

Patients should bring a small amount of cash or a credit card for personal use while in the program. Individual safes are available in each bedroom for securing personal valuables. However, McLean Hospital does not accept responsibility for lost or stolen personal items.

ROOM RESERVE RATE

The room reserve rate for The McLean Residence at the Brook is \$400 per day as approved by the program director, and will apply during program suspensions.
